Post-Conference Program

Welcome to the special 10th edition of the China-Japan-Korea International Conference on Explosives and Blasting (ICEB 10) taking place in Chengdu, China, during October 27-30, 2019.

Since its launch in 2006, in China, the ICEB has established itself as an important trilateral symposium for scientific and technical update on all aspects of explosives and blasting, hosted by China, Japan and Korea in turn. It provides a good opportunity for knowledge, ideas and experiences exchange on explosives and blasting among the participants. We expect the 10th edition to be as successful as our previous Conferences, serving the blasting community with an excellent combination of scientific advances and practical applications.

## TECHNICAL SESSIONS

The conference will cover the entire scope of explosives and blasting technologies. The main topics include but not limited to the followings:

- ✓ New technologies in blasting operations
- ✓ Rock fragmentation & case studies
- ✓ Demolition blasting & special blasting
